

The Center for Mental Health Crisis Walk-In Center

Offering Urgent Behavioral Healthcare 24/7/365

Serving All Ages

Centrally Located in Montrose

Who We Are

The Crisis Walk-In Center, centrally located in Montrose, provides urgent behavioral healthcare for our six-county region on the Western Slope. We work closely with hospitals, therapists, emergency services, and law enforcement to get people the urgent help they need in the most appropriate and effective setting. The Crisis Walk-In Center can be an alternative to a hospital emergency room or even jail for someone who needs urgent mental health or substance use treatment.

What We Offer

Staffed with certified mental health professionals, this location offers a convenient, local resource for urgent behavioral healthcare services.

On-site services include:

- **Walk-In Clinic** for anyone of any age experiencing a mental health crisis. Staffed with Master's-Level clinicians and mental health technicians, anyone can walk in anytime to access in-person mental health support during a crisis. No appointment needed.
- **Crisis Stabilization Unit** for those aged 12 and older who may need short-term, 24/7 care. An alternative to hospital care, our highly-skilled providers offer crisis assessments, group and individual therapy, peer support, psychiatric and medication management, and coordination of ongoing treatment. We offer stays of up to 5 days and provide care close-to-home.
- **24-hour non-medical detox services** for those 12 years and older who are intoxicated, in withdrawal, or at risk for withdrawal symptoms. As a short-term facility, we do not offer rehabilitation treatment but provide a safe, convenient alternative to hospital detox when appropriate.

Location

300 N. Cascade Ave.
Montrose, CO 81401

Hours

We are open 24/7/365 for walk-in clients and referrals. No appointment needed.

Contact Us

Walk in anytime to our Walk-In Clinic or call 970.252.6220 to speak with our staff.

Regardless of your ability to pay for services, come in and we will help you get the care you need. We accept many forms of insurance as well as Medicaid and Medicare. We also offer self-pay options and rates based on your ability to pay.
